Beste Genootskapvertegenwoordiger,

SA STAMBOEK PRYSLYS: VLEISBEESTE

Ter herinnering, vind asseblief hierby 'n uittreksel vanuit Stamboek se 2023/24 pryslys.

Sommige vleisbeestelers bevraagteken tans die fakture vanaf SA Stamboek, veral waar jong bulle getoets was en vervolgens gefaktureer word. Fakture behels beide gevalle waar metings en aantekening deur 'n Stamboek Tegnieuse Adviseur uitgevoer was of vir die nagaan en opname van data waar die metings deur 'n ander party uitgevoer was.

Soos in die verlede lê Stamboek enige voorgestelde veranderings in die pryse van dienste en produkte voor aan al die lede (Telersgenootskappe) vir bespreking en besluitneming tydens die Spesiale Algemene Begrotingsvergadering. Die vergadering het hierdie jaar op 1 Junie plaasgevind. Die huidige prysstruktuur was eenparig goedgekeur deur die vergadering.

Vriendelike groete

Members

Dear Society Representative,

SA STUD BOOK PRICE LIST: BEEF CATTLE

As a reminder, please hereby again see an extract from Stud Book's 2023/24 price list.

Lately some beef cattle breeders have questioned their invoices from SA Stud Book, especially where young bulls were tested and subsequently invoiced, either because of the measurements and recordings by a Stud Book Technical Advisor or data uptake and verification where the recordings were conducted by someone else.

As in the past, SA Stud Book's proposed changes in the prices of services and products are distributed to all the members (Breeders' Societies) for discussion and consideration at the Special General Meeting, this year held on 1 June. The current price structure was unanimously approved at the meeting.

Kind regards

Japie van der Westhuizen
