 My pa het my altyd gewaarsku teen die 'boekwerk' van stoetboerdery. **Met BenguFarm™ BEEF is hierdie frustrerende 'boekwerk' egter omskep in 'n magtige bestuursprogram.** Ek is seker dat as ek my pa kon wys hoe maklik kuddebestuur nou is, hy sou saamstem dat die **BenguFarm™ BEEF-sagteware** seker die handigste stuk gereedskap op enige beesplaas is – stoet en kommersieel.
